

## Ladies in Lavender scores some palpable hits at the KDA Awards

On 18th June, the Detling Players hosted the KDA Awards ceremony at Detling Village Hall. With six nominations, we were hopeful of picking up some actual awards, and as it turned out we had a very successful evening. **Kathryn Shirley** won the award for Best Actress in a Supporting Role. We also won awards for Sound thanks to **Chris and Liz Hall**, and for Stage Presentation—a combined effort from **Derek Lawrence, Terry Trivett** (Design and construction) and **Tikki Gulland** with her band of helpers for painting and furniture.

In addition, our Director **Richard Finn** was nominated for Best Director, and **John Watson** secured an honourable mention for his role as Dr. Mead.

The hall looked lovely thanks to some beautiful flower arrangements for the tables, and of course Chris and Liz looked after the sound and lighting again (although no awards for that particular effort!). A big thank you to all who helped with preparing the hall, catering, in fact everyone who contributed to making the evening a resounding success!
